

## Pegasus presents **computer training facilities** in the Upper Hunter

Pegasus now offers spacious and modern facilities for computer training in Singleton.

The room was purpose built to ensure the best possible computer training experience. It's fitted with 10 individual stations with chairs (gas-lift) that adhere to established ergonomic principals with adjustable height and tilt.

Computer hardware and software is new at September 2011 and will be constantly updated.

These computers are supported by a dedicated, secure internet service which makes this an ideal facility for web-based training.

Pegasus provides free on-site technical support during normal business hours (Weekdays 8:00am - 5.00pm). For clients wishing to train staff on their own software packages, set-up and installation support is included in the room hire price. Early access is available if preloading of software is required.

- > Each computer is networked (wireless / hard cabled)
- > Perfect for web-based training - high speed ADSL Broadband to each computer
- > Data Projector available on request
- > Training Software can be preloaded by request
- > Technician on duty
- > Spacious comfortable room
- > Fully Air Conditioned
- > Tea and Coffee making facilities
- > Chilled Filtered Water
- > Morning/Afternoon tea and lunchtime catering
- > Whiteboard and markers included
- > Ample, free parking on-site

## Facilities

Tea, coffee and chilled water facilities are available at all times and we are also able to cater for morning and afternoon tea breaks and lunch if required. Menu options and costs are available on request.

Our training facilities include ample on-site parking, disabled access and full rest room facilities, including showers.
