

Turn insight into action

for business success

The Pegasus Client Portal

The Pegasus Client Portal empowers you to better manage your operations with the holistic view of every connection in your workforce.

You will have insight into every worker, crew and company - including roles and competencies - and can report on them from one intuitive solution.

In your Pegasus solution, you have great insight into the workforce on your sites and projects.

We want to turn that insight into action.

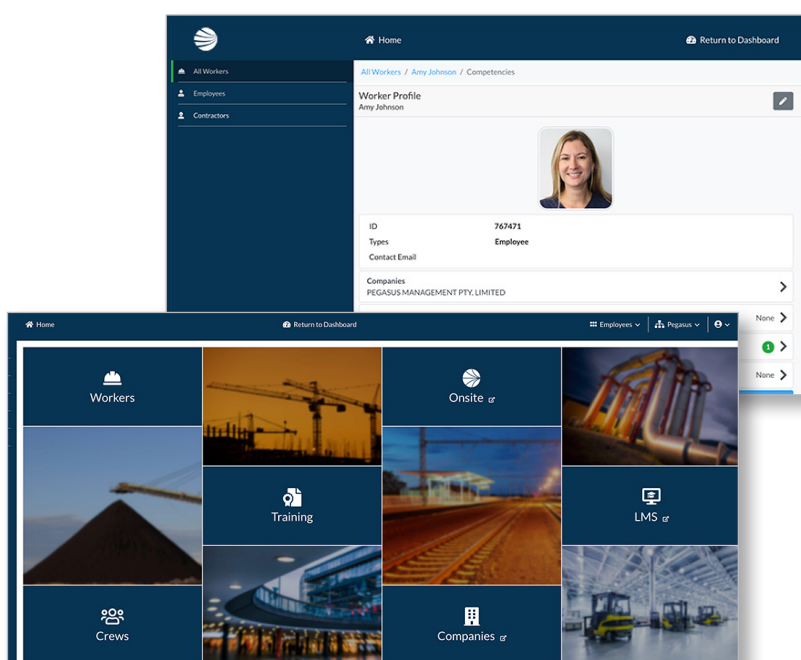

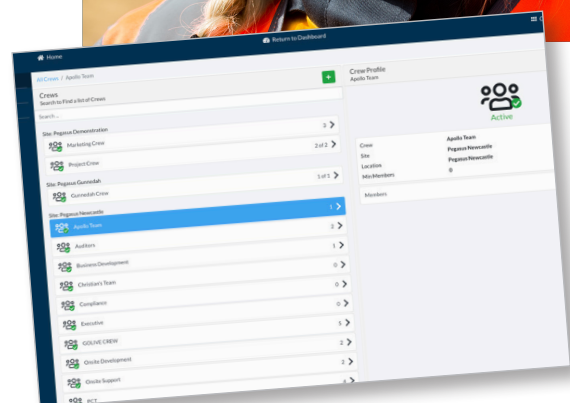

WHAT ARE THE BENEFITS OF THE CLIENT PORTAL?

The Pegasus Client Portal offers you:

- **Complete insight** Everything you need to manage your workforce is found right on your dashboard. The Pegasus Client Portal comes to life with the click of a button, as you inspect workers, crews, roles, and competencies, drilling down and reporting to the details you require.
- **Holistic decision making** With this insight comes the power to make informed and agile business decisions. Scaling your workforce up or down, staffing new projects, setting site standards, or checking on qualifications has never been easier. When you can see it all, you can do more.
- **Time saving business success** With everything you need to manage your workforce fast to find and easy to view, you're empowered to focus on what matters - your operations. Do you have the most qualified workers doing the correct jobs? In the Pegasus Client Portal, find the answers you need to plan for business success.

SEVEN FEATURES OF THE FIRST RELEASE CLIENT PORTAL:

1. **Powerful search tools** to quickly find workers.
2. Ability to switch between realms and sites **with a single click**.
3. Navigational tools to **keep track** of the scope of the user.
4. Ability to **rapidly switch** between modules.
5. Intuitive worker profile interface, **responsive on any device**.
6. Common status bars to track the **progress of roles, competencies**, and other key requirements.
7. An advanced training module, to **create, set and deliver** important safety training events to workers.
