

Proving skills and safety with Pegasus

What does this mean for me?

You have been asked by a Pegasus client to register your business and/or workers in their workforce management system. This is your opportunity to prove you have the systems and qualifications to partner with their organisation and produce quality results for business success.

We have put together some information to help explain why client's choose Pegasus, and how you will benefit by registering.

WHY DO CLIENTS CHOOSE PEGASUS?

Reducing and managing risk is essential in any industry and workplace.

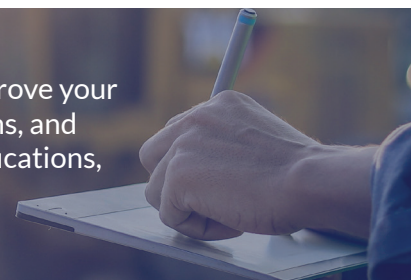

Pegasus workforce management solutions help our clients meet their Work Health and Safety obligations. Our system gives clients insight into everyone working for them – including contractors. It is their way of ensuring the safety and skills of everyone on their sites and projects.

Managing this shared duty of care in an online system guarantees they are working with only qualified, competent and skilled organisations – like yours!

WHAT ARE THE BENEFITS OF REGISTERING?

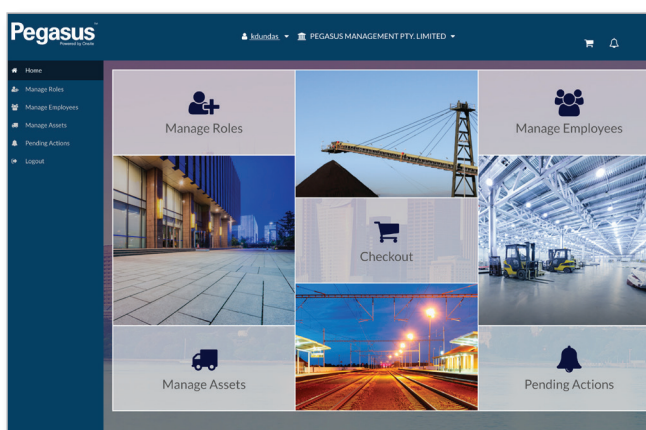

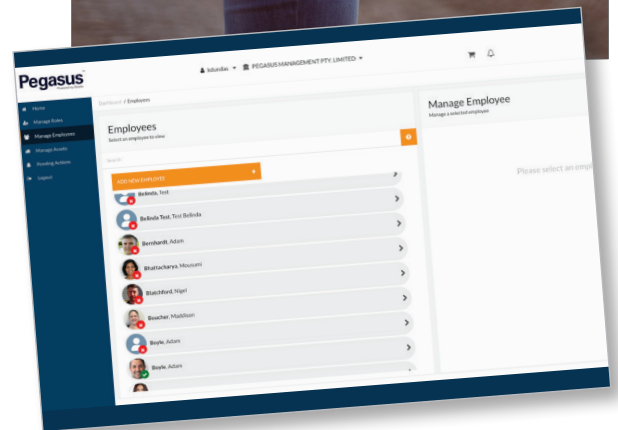

If you have been asked to register, that means the Pegasus client has mandated standards of safety, competency and training on their sites and projects. You have been identified as a valued partner.

This is your chance to prove your business has the systems, and your workers the qualifications, to work safely on site.

YOU MAY HAVE BEEN ASKED TO PAY FOR YOUR REGISTRATION AND THE MAINTENANCE OF YOUR PROFILE. HERE IS WHAT YOU ARE PAYING FOR:

- **join an online database** of trusted and qualified businesses and workers
- **have higher quality work opportunities** because you can prove you're fit to work
- maintain an online, portable profile
- **receive electronic reminders** to stay compliant and ready to work
- have licences, competencies, inductions, and documents **verified by qualified auditors and industry specialists**
- **manage your own profile** - roles, competencies, and training - in the Pegasus system at any time, 24/7
- access a support centre of industry and software specialists if you need help reaching compliance or navigating the system.
- **enjoy a transparent cost model**, regardless of size of organisation or number of workers

If you have any questions or need more information about your registration, please call Pegasus during business hours and select your industry from the options, or complete the form on the Contact Us page of our website
